

We are happy to announce we will Re-Open on July 6th

We have made some changes to ensure the health and safety of staff and children:

One Parent can enter the building with a mask on for a quick drop off but can not enter the classroom. Same with pick up. Their belongings will be handed to you. Classroom doors will be kept closed.

Temperature check, wash hands upon arrival. Kiddie Care Staff will wear masks.

Hand washing throughout the day for all & hand sanitizer for children will be used (for kids 2 and over only) when entering and exiting play areas.

Smaller Class Sizes. No Combining Classes

Meals we are asking parents to pack meals but we will keep bread, cheese, cheerios in the office in case someone needs or forgets. We feel this is safer than getting it from an outside source. Milk & Snacks will still be provided. We will add back lunch when it is safer to do so

More tables to keep kids socially distanced when eating & when doing arts and crafts

Circle time will be done sitting spread out not in a small circle

Each child's crayons, markers & art supplies will only be used by them (no community bins will be out)

The best place is to be outside in the fresh air so we will have sprinklers but no water tables this year. Longer periods of outdoor play when weather permits.

We have 3 gyms and 3 playgrounds so there will be plenty of time to clean in-between each group

Commack SD has provided custodial staff w sanitizer machines that they will be using every night in each classroom. The district has also installed exhaust fans to circulate outside air into the building.

We are asking for your help in keeping everyone healthy and safe. If parent or child does not feel good please keep your child home. If you are in a situation where you have to go to work but your child is under the weather please call us maybe we can send someone to your home.

Thank you for your continued support! We hope you are all well! We miss everyone!
Stay Safe, Stay Healthy <3
